

"It Matters to Molina" Corner

Information for all network providers

Thank you for the great response to the "It Matters to Molina" question! Our winner is Roszella McCoy-Parrish from the Catholic Charities Diocese of Cleveland.

The June "It Matters to Molina" question answer is "3" The Ohio Department of Medicaid (ODM) announced a staggered implementation for the Next Generation Medicaid Program. What program will start on July 1?

1. Centralized Credentialing
2. Provider Network Management Module (PNM)
3. OhioRISE

July Question: How can providers check a Molina member's eligibility for OhioRISE?

1. Access information in the Provider Portal
2. Contact the ODM Interactive Voice Response (IVR) system
3. Check batch eligibility via the 270/271 EDI transaction
4. Access the Ohio Medicaid Information Technology System (MITS)
5. Contact the Molina Provider Services Contact Center
6. All of the above

Email your answer to OHProviderBulletin@MolinaHealthcare.com by July 15 to enter the drawing. Molina will announce the winner and the correct answer to the question in the August Provider Bulletin.

In addition to participating in the monthly drawings, we want to hear from you. Please take the time to share feedback with us about your experience working with Molina. Your feedback is essential, and It Matters to Molina.

Reminder: Update Affiliations with Practitioners

Information for Medicaid providers

Medicaid-enrolled agencies must maintain an up-to-date roster of employees who are affiliated with the billing agency. As part of the Medicaid Information Technology System (MITS) transition to the new Provider Network Management and Fiscal Intermediary systems, ODM is ending agency affiliations in cases where a practitioner is no longer actively enrolled in Ohio Medicaid. To confirm the current affiliation of employees with an employing/billing agency, MITS administrators or designees can check the "Group Member" panel in your agency's secure MITS Portal.

Email medicaid_provider_update@medicaid.ohio.gov if you have a change request regarding an existing Medicaid provider. If you have additional questions about practitioner enrollment, please contact the ODM Provider Enrollment by calling (800) 686-1516, Option 3.

- State: Ohio
- Member information: name, date of birth, Molina identification number
- Authorization number
- Current Procedural Terminology (CPT)
- Provider requesting the P2P
- Specialty
- Has this test already been completed?
- Provider's call back number
- Times the provider will be available for the P2P

Medicare PA Guide and PA Form

Information for Medicare and MyCare Ohio providers

Molina has posted an updated Medicare PA Guide and PA Forms to the Medicare Provider Website to provide a clear and efficient process for submitting Medicare PA requests. PA Guide improvements include specific Medicare fax numbers to ensure requests are routed correctly and promptly.

- Providers should include all necessary information when submitting authorization requests to reduce delays and the need for additional information. Molina uses Centers for Medicare & Medicaid Services (CMS), state, MCG, and Molina policies.
- Requests for expedited/urgent authorization processing must follow applicable guidelines which include CMS, state, and Unified Rules. Information should include who requests the expedited review and justification that applying the standard time frame for making determinations could seriously jeopardize the health of the member or the ability to regain maximum function. Molina can redirect inappropriate requests for processing to standard/routine.
- Retrospective requests for services that have already been rendered will not be accepted. This does not apply to Home Health and Durable Medical Equipment (DME) if those requests are received within two days. Note: Home Health does not require a PA for the first two 30-day episodes of care from the start of care (yearly member benefit, not per provider).

Find the PA Guide and Form on the Medicare Provider Website, under Prior Authorization Forms. Molina will also post these documents to the MyCare Ohio Provider Website, under the "Forms" tab. Authorization requests should be submitted via the provider portal at provider.MolinaHealthcare.com.

Notice of Changes to the Provider Manual

On June 29, 2022, Molina updated the [Medicaid and MyCare Ohio Combined Provider Manual](#) with the addition of CANS and Mobile Response and Stabilization Services (MRSS) to the "Appointment Access" section, under "XI. Quality," for a July 1, 2022 effective date. Contact information for Aetna Better Health, the OhioRISE plan was also added, and the Provider Manual Addendum information was incorporated into the document.

Molina posts a new comprehensive Provider Manual to our website semi-annually. However, changes can be made

Molina Readmission Payment Policies

Information for all network providers

Effective Aug. 1, 2022, Molina will begin reviewing admissions within 30 days of an anchor admission for both inpatient behavioral health and detox stays. The readmission will be reviewed based on our published policy to identify if the stay was potentially preventable. If the admission is identified as potentially preventable, providers will have the right to file a reconsideration with supporting clinical for review through the reconsideration process. The full list of diagnostic codes in-focus for potentially preventable readmission review are published in the Ohio Department of Medicaid-approved BH Readmission Policy posted on our Provider Website under the "Policies" tab in the same document as the existing [Readmission Payment Policy](#). The current readmission payment policy is updated to streamline language, add poisoning to the list of exclusions, and remove Behavioral Health from the exclusions list with implementation of the BH Readmission Policy.

Institution for Mental Disease Stays

Information for Medicaid providers

Effective Aug. 1, 2022, Molina will deny Institution for Mental Disease (IMD) stays that exceed 15 calendar days per month. By submitting a request for Medicaid coverage of an IMD stay, a provider is attesting that the length of stay in the IMD facility is intended to be less than 15 days. Per 42 CFR § 438.6 (e) on IMD coverage, Medicaid cannot be used to cover an IMD stay that is intended to be longer than 15 days in a calendar month. Please see FAQ posted on the Ohio Department of Medicaid website at bh.medicaid.ohio.gov/manuals.

Balance Billing

Information for Medicaid and MyCare Ohio providers

Per Ohio Administrative Code (OAC) [5160-26-05 Managed health care programs: provider panel and subcontracting requirements](#) and OAC [5160-1-13 Medicaid consumer liability](#), providers contracted with Molina are prohibited from billing a member for any covered benefit. Balance Billing includes asking the member to pay the difference between the discounted and negotiated fees and the provider's usual and customary fees. Providers may not charge members fees for covered services beyond copayments, deductibles, or coinsurance. Providers are responsible for verifying eligibility and obtaining approval for those services that require prior authorization.

View the Balance Billing section of the [Provider Manual](#) on our Provider Website under the "Manual" tab for additional information.

Itemized Statement Requirements

Information for all network providers

Molina requires an itemized statement to process certain claims for payment. When the itemized statement is not received with the initial claim, the claim will be denied for the missing information, and a corrected claim will be needed. Submit an itemized statement with your initial claim or corrected claim through the Provider Portal to avoid a delay in payment. Itemized statements are needed with a claim in the following scenarios:

- Medicare benefits were exhausted
- An authorization date span does not match the claim date span
- The claim is over \$100,000 in billed charges

to the manual between updates. Always refer to the manual posted on our website under the "Manual" tab instead of printing hard copies. This practice ensures you are accessing the most up-to-date versions.

Notice of Changes to Prior Authorization (PA) Requirements

Molina posts new comprehensive PA Code Lists to our website quarterly. However, changes can be made to the lists between quarterly updates. Always use the lists posted to our website under the Forms tab instead of printing hard copies. This practice ensures you access the most up-to-date versions.

Next Generation Medicaid Program Update

Information for Medicaid providers

On April 22, 2022, ODM announced a critical update that the Next Generation Medicaid Program will have a staggered implementation. View the details on the updated start dates for various program elements at medicaid.ohio.gov in "[Ohio Medicaid's Next Generation program to launch July 1 with OhioRISE](#)."

Unified Preferred Drug List: 30-Day Change Notice

Information for Medicaid providers

ODM posted their Ohio Unified Preferred Drug List (UDL) 30-Day Change Notice on June 1, 2022, for a July 1, 2022, effective date. Find the list under the "Rx info" tab of the Provider Website on the "[Drug Formulary](#)" page.

Provider Contract for Next Generation Medicaid

Information for Medicaid providers

Molina has received provider inquiries regarding what actions they will need to take contractually with Molina in preparation for the Next Generation Medicaid program. No provider action is required at this time. Molina will continue to share information as it becomes available.

Annual Mandatory Model of Care Training

Information for Medicare providers

CMS requires contracted Medicare medical providers to complete basic training on the Dual Eligible Special Needs Plan (D-SNP) Model of Care by Dec. 31, 2022.

COVID-19 (Coronavirus) Pfizer Codes

Information for Medicaid providers

ODM has added a new Pfizer code for COVID-19 vaccination billing, underlined in the following chart. Applicable CPT codes include:

Updated: MCG Auto-Authorization

Information for Medicaid and Marketplace providers

In March 2022, Molina introduced MCG Auto-Authorization, a self-service method for providers to submit Advanced Imaging PA requests, available 24/7 via the Provider Portal for applicable lines of business.

This submission method is an alternative to the existing submission process and will provide efficient processing of authorization requests. The status of each authorization will be available immediately upon completion of the submission. The clinical documentation will be submitted for review by Molina. The MCG Auto-Authorization service is available for Marketplace as of Feb. 16, 2022, and Medicaid as of May 4, 2022.

To learn more about MCG Auto-Authorization, [join the MCG Auto-Authorization It Matters to Molina Forum on July 19](#), or reach out to the Molina Provider Services Team.

Diabetes Self-Management Education for Medicaid

Information for Medicaid providers

Diabetes Self-Management Education (DSME) can help patients manage diabetes between office visits. DSME supports the information given by the clinical team; it does not replace it. DSME is provided by educators in an American Diabetes Association (ADA) recognized or an Association of Diabetes Care and Education Specialists (ADCES) accredited program.

The core content addresses the following self-care behaviors:

- Diabetes pathophysiology and treatment options
- Healthy eating
- Physical activity
- Medication usage
- Monitoring and using patient health data
- Preventing, detecting, and treating acute and chronic complications

- Molina will be hosting a monthly Model of Care provider training via Microsoft Teams throughout the year to help train you and your staff, and address questions. Find an upcoming training in the Provider Training Session article.
- Find information on Model of Care requirements in the June [Model of Care Provider Bulletin](#) on our Provider Website.

Partial Hospital and SUD Residential Treatment Update

Information for Medicaid behavioral health providers

Effective July 1, 2022, to simplify the UM and claims processes, Molina will issue a single authorization number for billing each service period, from admission to discharge, for Partial Hospitalization and Substance Use Disorders (SUD) Residential Treatment requests.

There is no change to the PA process for our providers. Providers should continue to submit the PA form and clinical information along with updates for each authorization period of each stay.

Home Health Prior Authorization Process Update

Information for Medicare and MyCare Ohio Home Health providers

As a reminder, effective July 1, 2022, Molina will allow a medical necessity review for home health services up to two days before the date of the submitted PA request for the Medicare and MyCare Ohio lines of business.

As noted in the May Provider Bulletin, effective May 9, 2022, Home Health PA requests are faxed to the Molina Medicare UM Department at (844) 251-1451. For faster service, request PA via the Provider Portal at provider.MolinaHealthcare.com/provider/login.

For the Medicaid and Marketplace lines of business, Molina continues to allow a medical necessity review for home health services up to four days before the date of the submitted PA request.

Note: The PA requirements have not changed. Providers should consult the PA Code List for a complete list of all services requiring PA.

Expansion of Telehealth Services

Information for Medicaid providers

Effective July 1, 2022, Ohio Administrative Code (OAC) [5160-1-18 Telehealth](#) will expand to include the following services:

- Individual diabetes management training
- Group setting diabetes management training

are eligible to provide Healthchek services. For additional information, visit:

- The ODM website at medicaid.ohio.gov, and under "Families & Individuals," select "Programs & Initiatives," then "[Healthchek](#)"

Psychological and Neuropsych Testing PA Code List Update

Information for Community Mental Health Center (CMHC), Substance Use Disorder (SUD), and Outpatient Hospital Behavioral Health (OPHBH) providers billing as a hospital

The following combination of codes may be utilized for up to 20 hours per calendar year per Medicaid enrollee. PA is required to exceed the annual 20 hours limit. Impacted codes: 96112, 96113, 96116, 96121, 96130, 96131, 96132, 96133, 96136, and 96137. This update is reflected on the posted PA Code List effective July 1, 2022. Note: all other provider types not referenced in the above sub-header always require PA for these codes, as is noted on the PA Code List.

PsychHub Information on Provider Website

Information for all network providers

Molina has posted the "[Psych Hub: Access Your Mental Health Practitioner HUB](#)" document on the Provider Website, under the "Communications" tab, on the "It Matters to Molina" page, under "Tools and Resources." Information includes:

- How to create a PsychHub profile
- Frequently asked questions

Reminder: PsychHub is an online platform for digital mental health education, including a library with more than 180 consumer-facing, animated videos focused on improving mental health literacy and reducing the stigma about seeking care. Providers can sign up for free to access content and videos and access behavioral health-focused learning hubs with access code sGDcuXXmQXZE Gsu. Some courses have Continuing Education Credits available for Clinical Psychologists, Clinical Social Workers, and Licensed Professional Counselors. With the successful completion of courses, the provider will unlock industry-recognized certificates delivered electronically.

- Childbirth prep/Lamaze classes
- Childbirth refresher classes
- Baby parenting classes
- Infant safety training
- Prenatal nutrition classes
- Smoking cessation classes
- Preventive medicine counseling
- Child Adolescent Needs and Strengths (CANS) assessments

- Mobile Response Stabilization Services, initial response
- Mobile Response Stabilization Services, stabilization
- Mobile Response Stabilization Services, follow-up
- Prolonged Evaluation and Management (E&M) visits

For telehealth billing guidelines, refer to the posted Molina Provider Manual.

You Matter to Molina: Get to Know Your Provider Representatives

Information for all network providers

Our Molina Provider Services team is here to help answer your questions and connect you with training opportunities. Throughout 2022 we will introduce you to our team members and how to contact us directly for assistance.

Darius Faroughi, Provider Services Physician Representative:

- My favorite thing is watching sports, especially Ice Hockey and Soccer. The Columbus Blue Jackets and Everton FC are my favorite teams. I coach for the Columbus Academy and have found that sports teach players and fans to always strive for more. Soccer player Cristiano Ronaldo said, "It is my conviction that here are no limits to learning, and that it can never stop, no matter what our age."
- Interesting Fact: My first name is pronounced Dar-Yoush, but I go by Dar.
- **Why I serve our Molina providers:** I serve our providers because I strongly believe in Molina's mission to provide quality healthcare to those on government assistance who need it most. I serve and support our providers so they can provide the best quality healthcare to our members.

Jean-Paul Mantilla, Provider Services Claims Analyst:

- My favorite thing to do is watch movies. Movies provide a world of opportunity, from learning something new to escaping reality for a few hours. Movies are a form of art like paintings, sculptures, and photography. I am also a huge fan of the band Queen and OSU Football.
- Interesting Fact: I was born in Managua, Nicaragua, and I learned to speak English by watching Star Wars: Return of the Jedi. The experience of learning English from Luke, Leia, and Han Solo taught me that there is nothing I can't do if I have the right movie to show me.
- **Why I serve our Molina providers:** I really enjoy what I do. I have been with Molina for 14 years, and I like knowing that the relationships I have built with providers ultimately benefit and help our members.

Ohio Medicaid Immunizations Temporary Payment Policy Update

Information for Medicaid providers

During this unprecedented time of COVID-19, the state of Ohio and ODM have implemented several emergency rules and policy changes to ensure timely access to medical services for the millions of Ohioans who depend on Medicaid. Even with these updates, we are seeing decreased utilization of preventative medical services, including childhood immunizations.

To better serve our members, the Ohio Medicaid Managed Care Plans have decided to continue the temporary payment policy allowing for reimbursement to non-Vaccines for Children (VFC) providers for both the toxoid and the administration of needed immunizations for children and adolescents ages 0-20 years old. This policy took effect for dates of service beginning on Jan. 1, 2022, and will continue through Dec. 31, 2022.
