Pregnancy Risk Assessment Form (PRAF)

A complete PRAF helps Moms receive the best support for a healthy pregnancy

Provider Benefits of submitting a PRAF

- Data is integrated with the Ohio Department of Job and Family Services County Office, Managed Care Plan, W1C, SACWIS, ODH.
- Information within the PRAF will inform the MCO and other entities of identified needs including physical, behavioral health and SDoH allowing care coordination and services.
- Allows providers to submit additional PRAF's to report change in condition or needs.
- Maintains a pregnant woman's Medicaid eligibility without disruption in coverage-equating to prompt provider payment for services throughout mom's pregnancy.

Payment for Completing the PRAF

After completing the PRAF, submit a claim based on the guidelines below:

Code + modifier	Description	Fee Schedule Amount*
H1000 + 33	Electronic PRAF Submission	\$90.00
H1000	Paper/Faxed version	\$12.10

FQHC/PHC Billing Guidance - PRAF submission downs should be reported separately as covered non-PPS services under the "clinic" provider number (provider type 50) of the FQHC/RHC. Billing is Fee for Service and is additional to any PPS visit payment.

Ensuring Prompt Care

Every pregnant woman with Medicaid coverage should be linked to needed services on her very first prenatal visit. Submission of PRAF in the first trimester impacts and improves health outcomes of both mom and baby. An online PRAF 2.0 submission ensures:

- Medicaid coverage for Mom and baby without disruption through the immediate post-partum period of 12 months post-delivery.
- Serves as pregnancy notification to managed care plans and initiation of timely health care and connection to added resources, and care coordination.

Submitting the PRAF 2.0 using NurtureOhio is Easy!

1. User will need to establish an Ohio ID account to access the Provider Network Management System.
2. With PNM access, next step will be to register within the NurtureOhio site
<http://www.nurtureohio.com>
3. Instructions for completion and submission of PRAF can be found at:
<http://medicaid.ohio.gov/Provider/PRAF>
4. If you need assistance, please email the Ohio Department of Medicaid at

Updated Progesterone Information

On April 6, 2023, the U.S. Food and Drug Administration announced the final decision to withdraw approval of Makena—a drug that had been approved under the accelerated approval pathway. This drug was approved to reduce the risk of preterm birth in women pregnant with one baby who have a history of spontaneous preterm birth. The decision was issued jointly by the FDA Commissioner and Chief Scientist.

Pregnancy Risk Assessment Form (ePRAF/PRAF 2.0) Billing Instructions

- Modifier TH should no longer be used when coding Healthcare Common procedure Coding System (HCMCS) H1000 for an Electronic Pregnancy Risk Assessment Form (PRAF).
- Providers are encouraged to submit updated ePRAFs for pregnant Medicaid patients as new risks or needs are assessed.
- When billed correctly (H1000 + modifier 33), participating prenatal service providers will receive \$90 payment for the submission of each ePRAF submission.

PRAF Submission Type	Corrected Coding Guidance	Rate
Electronic PRAF (ePRAF)	H1000 + 33 modifier	\$90.00
Non-Electronic PRAF	H1000 (no modifier)	\$12.10

FQHC/RHC Billing Guidance - ePRAF submission claims should be reported separately as covered non-PPS services under the “clinic” provider number (provider type 50) of the FQHC/RHC. Billing is Fee for Service and is additional to any PPS visit payment.
