

High Dollar Claim Quick Reference Guide

The following Quick Reference Guide was developed to provide clarity surrounding the requirements for submitting high dollar claims to Molina Healthcare of Texas.

Inpatient claims will be paid at the base DRG, including any applicable directed payment program amounts.

To ensure full payment, an itemized bill is required in the following scenarios:

- Inpatient claims that have an outlier payment of \$100,000 or more
- Inpatient claims where not all days have been approved

If an itemized bill is not submitted with the original claim, providers should submit a corrected claim with the itemized bill to receive the full payment amount.

If you have questions regarding this billing process, please contact your Provider Relations Representative or email MHTXProviderServices@MolinaHealthcare.com.
