Provider Memorandum

Population Health – Your New Molina Resource

Molina Healthcare of Wisconsin (Molina) is happy to introduce a new resource for you and your patients, our Population Health Team. Our team is made up of nurses, care coordinators and experts to help our members, your patients, get the wrap around care that they need for conditions such as Asthma, Diabetes & Hypertension.

Keys to the Molina's Population Health Programs

- Molina patients will receive regular check-ins to provide health coaching, care-kits, and the opportunity for additional incentives.
- Molina Health Care Services staff will let you know what Molina program your patient selects, or if they chose not to participate. We want to keep you informed.

Let's work together to make sure your Molina Medicaid patients get the follow-up support they need to control their Asthma, Diabetes and/or Hypertension. Together—let's improve your clinic's Quality metric scores.

For more information on how our Population Health team can assist you or if you have any questions, reach out to your provider network management at MHWIProviderNetworkManagement@MolinaHealthcare.com.

Questions?

We're here to help. Contact your Provider Network Manager or email the Provider Network Management team at MHWIProviderNetworkManagement@MolinaHealthcare.com or visit MolinaHealthcare.com.
