Molina Dual Options MyCare Ohio's Quality Improvement Plan and Program

We are committed to making sure you get the best care possible. That's why each year, we put a plan in place to keep improving:

- Our services
- The quality of the care you receive
- The way we communicate with you

Our goals are to:

- Give you services that benefit your health
- Work with providers to get you the care you need
- Address your language and cultural needs
- Reduce any barriers to getting care, like issues with transportation and/or language

We also want to hear how we are doing. We review the past year of service to check our progress. We may send you a member survey to get your feedback.

We may also send surveys to see how many members get the needed services. These surveys tell us what care is needed. One of these surveys is: CAHPS® (Consumer Assessment of Healthcare Providers and Systems).

This survey asks questions about how you rate:

- Your health care
- Your primary care provider (PCP)
- Your health plan
- Specialist(s) you have seen
- Well-check exams
- How easy it is for you to get care
- How easy it is for you to get care quickly

HEDIS® (Healthcare Effectiveness Data and Information Set)

We also measure how many of our members get key tests and exams. We look at:

- Annual exams
- Diabetes care

- Mammograms (x-rays of the breast)
- Medicine management
- Pap tests
- Prenatal care
- Postpartum care
- Shots (flu, child and teen shots)

We care about your health. We want to help you take better care of yourself and your family. To do this, we:

- Remind you to get well-check exams and shots for yourself and your child
- Teach you about chronic health problems you may have
- Make sure you get prenatal and postpartum care if you're pregnant
- Remind you to get Pap tests and mammograms, if needed
- Address any complaints you have
- Help you find and use information on our website
- Tell you about special services we offer

To learn more, call Member Services at (855) 665-4623 (TTY: 711) Monday to Friday, 8 a.m. to 8 p.m., local time. You can ask for a printed copy of our Quality Improvement plan and results.

Guidelines to keep you healthy

We give you information about preventive services and when to get them. This information does not replace your doctor's advice.

To make the most of these guidelines:

- Take time to read them
- Write down questions and bring them to your next checkup
- Tell your provider about any health problems you or your children are having
- Go to your appointments
- If you miss an appointment, reschedule right away

We tell you about key tests and exams for issues like diabetes, COPD and depression. See [MolinaHealthcare.com/Duals](https://www.molinahealthcare.com/Duals) for details. Call Member Services at (855) 665-4623 (TTY: 711) Monday to Friday, 8 a.m. to 8 p.m., local time.

How we work with providers to make decisions about your care

Some services must be preapproved before we will cover them. We work with your provider to find out what services you need. We make choices about your care based on medical needs and benefits. This is called utilization management (UM).

- We do not reward providers or others for denying services.
- We do not pay extra to providers or UM staff to make choices that give you less care.

If you need Long Term Services and Supports (LTSS), someone with LTSS experience, training and education makes decisions about services.

If you have a question about our UM process or rulings, call Member Services at (855) 665-4623 (TTY: 711) Monday to Friday, 8 a.m. to 8 p.m., local time. We can accept collect calls. If you need help in your language, bilingual staff or interpreters are available at no cost. We also offer TTY services for if you have hearing or speech problems. Please leave a message with your phone number if you call after hours or on the weekend. We'll return your call within one business day. Member Services may also call to talk about UM issues. If Member Services calls, we'll use our name, title and Molina Dual Options MyCare Ohio's name.

Looking at what's new

We look for ways to offer new types of care and services and new ways to provide them.

We review new services for safety and added benefits. Every year, we look at updates in:

Language services

We will provide written or verbal information in your language, at no cost. We offer interpreters to help you speak with your provider or us. We do this for most languages. This includes sign language. For an interpreter or written materials in a language other than English, call Member Services at (855) 665-4623 (TTY: 711) Monday to Friday, 8 a.m. to 8 p.m., local time.

Behavioral health services

If you have concerns about mental health problems, we can help. We can help with things like stress, depression or substance use. We cover behavioral health services. Ask your PCP or call Member Services at (855) 665-4623 (TTY: 711) Monday to Friday, 8 a.m. to 8 p.m., local time for more information.

What to do when you need after hours or emergency care

Your right to an Advance Directive

You have the right to accept or refuse treatment offered by a provider. If you are unable to tell the provider what you want, you need to make your wishes known. It is important to have an Advance Directive. You can have one for medical and mental health care.

An Advance Directive is a legal form that tells providers the kind of care you want if you cannot speak for yourself. Write an Advance Directive before you have an emergency. This keeps other people from making important health decisions for you if you cannot make your own. There are different types of Advance Directives. Some examples are:

- Power of Attorney for Health Care
- Living Will

It's your choice to have an Advance Directive. No one can deny you care based on whether or not you have one. For help making decisions about your care, talk with someone you trust. This might be a family member or friend. You can also talk with your lawyer or PCP.

Call Member Services at (855) 665-4623 (TTY: 711) Monday to Friday, 8 a.m. to 8 p.m., local time for help getting an Advance Directive that follows state laws.
