**DEFINITIONS**

Terms when capitalized in this Plan booklet have defined meanings, given in the section below or throughout the booklet sections.

**Appeal** -- is something you do if you disagree with a decision to deny a request for dental care services or payment for services you already received. You may also make an appeal if you disagree with a decision to stop services that you are receiving. For example, you may ask for an appeal if our Plan doesn't pay for a service you think you should be able to receive.

**Benefits** -- the amounts that the Plan will pay for covered dental services.

**Calendar Year** -- the 12 months of the year from January 1st through December 31st.

**Claim Form** -- the standard form used to file a claim or request a Pre-Treatment Estimate.

**Contract**-- the Agreement between Central Health Medicare Plan and Delta Dental of California for the Provision of Dental Services.

**Contractholder** -- Central Health Medicare Plan.

**Copayment** -- the amounts You are responsible for paying as shown in Attachment B.

**Cost-sharing** -- the amounts which may be charged to Member(s) as the Member's share of the cost for the provision of covered services. Cost sharing consists of coinsurance, copayments, Deductible, and balance billing.

**Deductible** -- a dollar amount that a Member must pay for certain covered services before the Plan begins paying Benefits.

**Delta Dental Participating Medicare Provider (Participating Provider)** -- means a person licensed to practice dentistry when and where performed who has entered into a contract with Delta Dental agreeing to participate in this Medicare Advantage Plan and provide covered services to Members.

**Delta Dental Participating Medicare Provider Contracted Fee (Participating Provider Contracted Fee)** -- the fee for a Single Procedure covered under the Plan that a Participating Provider has contractually agreed to accept as payment in full for covered services.

**Effective Date** -- the original date the Plan starts. This date is given on this booklet's cover and Attachment A.

**Emergency Service** -- care furnished to a Member by a Dentist and needed to treat a dental condition which manifests as a symptom of sufficient severity, including severe pain, such that the absence of immediate attention could reasonably be expected by the Member to result in either: (i) placing the Member's dental health in serious jeopardy, or (ii) serious impairment to dental functions.

**Maximum Plan Allowance** -- the reimbursement under the Plan against which Delta Dental calculates the Plan's payment and the Member's financial obligation. Subject to adjustment for extreme difficulty or unusual circumstances, the Maximum Plan Allowance for services provided by a Participating Provider is the lesser of the Provider's Submitted Fee or the Participating Provider Contracted Fee.

**Member** -- a person with Medicare who is eligible to get covered services, who has enrolled in the Plan and whose enrollment has been confirmed by CMS.

**Non-Participating Medicare Provider (Non-Participating Provider)** -- a dentist who has not entered into an agreement with Delta Dental to be a Participating Provider under this Medicare Advantage Plan.

**Plan** -- this dental plan which describes the Benefits, limitations, exclusions, terms and conditions of coverage for Members enrolled in Contractholder's Medicare Advantage Plan.

**Plan Benefit Level** -- the percentage of the Maximum Plan Allowance that the Plan will pay after the Deductible, if any, has been satisfied as shown in Attachment A.

**Plan Year** -- the 12 months starting on the Effective Date and each subsequent 12 month period thereafter.

**Pre-Treatment Estimate** -- an estimation of the allowable Benefits under the Plan for the services proposed.

**Procedure Code** -- the Current Dental Terminology<sup>®</sup> (CDT) number assigned to a Single Procedure by the American Dental Association.

**Reasonable** -- means that a Member exercises prudent judgment in determining that a dental emergency exists and makes at least one attempt to contact his/her Contract Dentist to obtain Emergency Services and, in the event the Dentist is not available, makes at least one attempt to contact Delta Dental for assistance before seeking care from another Dentist.

**Single Procedure** -- a dental procedure that is assigned a separate Procedure Code.

**Submitted Fee** -- the amount that the attending dentist bills and enters on a claim for a specific procedure.

**Treatment in Progress** -- means any single dental procedure, as defined by the CDT Code that has been started while the Member was eligible to receive Benefits, and for which multiple appointments are necessary to complete the procedure whether or not the Member continues to be eligible for Benefits under the plan. Examples include: teeth that have been prepared for crowns, root canals where a working length has been established, full or partial dentures for which an impression has been taken.

**You, Your or Yourself** -- the individual receiving dental services.

## **CONDITIONS UNDER WHICH BENEFITS ARE PROVIDED**

The Plan will pay Benefits for the dental services described in Attachment B. The Plan will pay Benefits only for covered services. The Plan covers several categories of dental services when a Participating Provider provides them and when they are necessary and within the standards of generally accepted dental practice standards. Claims shall be processed in accordance with Delta Dental's standard processing policies. The processing policies may be revised from time to time; therefore, Delta Dental shall use the processing policies that are in effect at the time the claim is processed. Delta Dental may use dentists (dental consultants) to review treatment plans, diagnostic materials and/or prescribed treatments to determine generally accepted dental practices and to determine if treatment has a favorable prognosis. Limitations and Exclusions will be applied for the period during which you are a Member of the Plan.

If a primary dental procedure includes component procedures that are performed at the same time as the primary procedure, the component procedures are considered to be part of the primary procedure for purposes of determining the Benefit payable under the Plan. Even if the dentist bills separately for the primary procedure and each of its component parts, the total Benefit payable for all related charges will be limited to the maximum Benefit payable for the primary procedure.

**Loss of Coverage**

The Members coverage ends on the last day of the month or immediately when the Contract ends.

**Coinsurance**

The Plan will pay a percentage of the Maximum Plan Allowance for covered services, as shown in Attachment A and you are responsible for paying the remaining percentage of Maximum Plan Allowance as well as any additional Cost-sharing. The percentage of the Maximum Plan Allowance you are required to pay is called the coinsurance (“Coinsurance”). The Co-insurance is part of your out-of-pocket cost. You pay these even after a Deductible, if any, has been met. In addition to the Coinsurance, and any remaining Deductible, you may be required to pay any amount in excess of your Maximum Amount and the cost of any non-covered services. This is what we mean by Cost-sharing.

The amount of your Coinsurance will depend on the type of service you receive. Participating Providers are required to collect Coinsurance for covered services. Coinsurance is a method of sharing the costs of providing dental Benefits. If the Participating Provider discounts, waives or rebates any portion of the Coinsurance to you, the Plan will be obligated to provide as Benefits only the applicable percentages of the Maximum Plan Allowance reduced by the amount of the fees or allowances that are discounted, waived or rebated.

**Maximum Amount**

Most dental programs have a maximum amount. A maximum amount (“Maximum Amount” or “Maximum”) is the total dollar amount the Plan will pay toward the cost of dental care. You are responsible for paying costs above this amount. The Maximum Amount payable, if any, is shown in Attachment A. The Maximum Amount may apply on a yearly basis, a per services basis, or a lifetime basis.

**Pre-Treatment Estimate**

Pre-Treatment Estimate requests are not required; however, your Participating Provider may file a Claim Form with Delta Dental before beginning treatment, showing the services to be provided to you. Delta Dental will estimate the amount of Benefits payable under the Plan for the listed services. By asking your dentist for a Pre-Treatment Estimate from Delta Dental before you agree to receive any prescribed treatment, you will have an estimate up front of what the Plan will pay and the difference you will need to pay. The Benefits will be processed according to the terms of the Plan when the treatment is actually performed. Pre-Treatment Estimates are valid for 365 days unless other services are received after the date of the Pre-Treatment Estimate, or until an earlier occurrence of any one of the following events:

- the date the Plan terminates;
- the date Benefits under the Plan are amended if the services in the Pre-Treatment Estimate are part of the amendment;
- the date your coverage ends; or
- the date the Participating Provider’s agreement with Delta Dental ends.

A Pre-Treatment Estimate does not guarantee payment. It is an estimate of the amount the Plan will pay if you are enrolled and meet all the requirements of the Plan program at the time the treatment you have planned is completed. It may not take into account any Deductibles, so please remember to figure in your Deductible if necessary.

## **SELECTING YOUR PROVIDER**

### **Free Choice of Dentist Within Network**

We recognize that many factors affect the choice of dentist and therefore support your right to freely choose your treating dentist within your network. This assures that you have full access to the dental treatment you need from the dental office of your choice. You may see any Participating Provider for your covered treatment. In addition, you can see different Participating Providers within your network.

A Participating Provider is a Delta Dental provider who has agreed to provide covered services under this Medicare Advantage Plan. In order to receive Benefits under this Plan, the dental care you receive must be covered services. The Plan does not pay Benefits for dental care that are not covered services. We highly recommend you verify that the dentist is a Participating Provider in this Medicare Advantage Plan before each appointment to avoid balance billing from Non-Participating Providers. Review the section titled “How Claims Are Paid” for an explanation of payment procedures to understand the method of payments applicable to your Participating Provider selection.

### **Locating a Delta Dental Participating Provider**

There are two ways in which you can locate a Participating Provider near you:

- You may access information through Central Health Medicare Plan website; or
- You may also call Delta Dental’s Customer Service Center toll-free at (855) 370-3867 and a representative will assist you. Delta Dental can provide you with information regarding a Delta Dental Participating Provider’s specialty and office location.

## **HOW CLAIMS ARE PAID**

### **Payment for Services — Participating Provider**

Selecting a Participating Provider allows the Member to obtain Benefits for covered services performed for you. Payment to a Participating Provider is calculated based on the Maximum Plan Allowance. Participating Providers agree to accept Delta Dental’s Maximum Plan Allowance as payment in full for covered services which means you will only be responsible for any applicable Cost Sharing for the covered service.

The portion of the Maximum Plan Allowance payable by the Plan is limited to the applicable Plan Benefit Level shown in Attachment A. The Plan’s payment is sent directly to the Participating Provider who submitted the claim. Delta Dental will advise you of any charges not payable by the Plan for which you are responsible. These Cost Sharing charges are generally your share of the Maximum Plan Allowance (Coinsurance), as well as any Deductibles, charges where the Maximum Amount has been exceeded, and/or charges for non-covered services.

**Payment for Services – Non-Participating Provider**

The Plan will pay Benefits for covered services provided by a Non-Participating Provider. However, a Non-Participating Provider may charge you more than the Maximum Plan Allowance payable under this Medicare Advantage Plan and you will be responsible for all Cost Sharing charges, and any difference between what Delta Dental pays and the amount the Non-Participating Provider charges up to the Submitted Fee.

Delta Dental contracts with licensed dentists who participate in other dental plans offered by Delta Dental. Not all of these dentists agree or contract with Delta Dental to be a Participating Provider in this Plan. We therefore highly recommend that you verify that the dentist you select is a Participating Provider in this dental Plan before each appointment. The dentist may be under contract for another Delta Dental benefits plan but not necessarily this Plan for Central Health Medicare Plan Health Plan beneficiaries.

**How to Submit a Claim**

Delta Dental does not require special claim forms. However, most dental offices have Claim Forms available. Participating Providers will fill out and submit your claims paperwork for you. If you wish to submit your own claim directly to Delta Dental, please refer to the section titled “Notice of Claim Form” for more information.

*Your dental office should be able to assist you in filling out the claim form. Fill out the claim form completely and send it to:*

*Delta Dental of California  
P.O. Box 997330  
Sacramento, CA 95899-7330*

**CLAIMS APPEAL**

Our commitment to you is to ensure not only quality of care, but also quality in the treatment process. This quality of treatment extends from the professional services provided by Participating Providers to the courtesy extended you by Delta Dental’s telephone representatives. If you have any question or complaint regarding eligibility, the denial of dental services or claims, the policies, procedures or operations of Delta Dental or the quality of dental services performed by a Participating Provider, you have the right to file a grievance or appeal with Central Health Medicare Plan at (866) 314-2427.

## **GENERAL PROVISIONS**

### **Clinical Examination**

Before approving a claim, Delta Dental will be entitled to receive, to such extent as may be lawful, from any attending or examining dentist, or from hospitals in which dental care is provided, such information and records relating to attendance to or examination of, or treatment provided to you as may be required to administer the claim, or have you be examined by a dental consultant retained by us at the Plan's expense, in or near your community or residence. Delta Dental will in every case hold such information and records confidential.

### **Notice of Claim Form**

Delta Dental will give you or your Provider, on request, a Claim Form to make claim for Benefits. To make a claim, the form should be completed and signed by the Participating Provider who performed the services and by the patient (or the parent or guardian if the patient is a minor) and submitted to us at the address above.

If the form is not furnished by Delta Dental within 15 days after requested by you or your Participating Provider, the requirements for proof of loss set forth in the next paragraph will be deemed to have been complied with upon the submission to Delta Dental, within the time established in said paragraph for filing proofs of loss, of written proof covering the occurrence, the character and the extent of the loss for which claim is made. You or your Participating Provider may download a Claim Form from Delta Dental's website.

### **Written Notice of Claim/Proof of Loss**

Delta Dental must be given written proof of loss within 12 months after the date of the loss. If it is not reasonably possible to give written proof in the time required, the claim will not be reduced or denied solely for this reason, provided proof is filed as soon as reasonably possible. In any event, proof of loss must be given no later than one year from such time (unless the claimant was legally incapacitated).

All written proof of loss must be given to Delta Dental within 12 months of the termination of the Plan.

### **Time of Payment**

Claims payable under the Plan for any loss other than loss for which the Plan provides any periodic payment will be processed immediately after written proof of loss is received. Delta Dental will notify you and your Participating Provider of any additional information needed to process the claim.

### **To Whom Benefits Are Paid**

It is not required that the service be provided by a specific dentist. Payment for services provided by a Participating Provider will be made directly to the dentist. Any other payments provided by the Plan will be made to you, unless you request when filing a proof of claim that the payment be made directly to the dentist providing the services. All Benefits not paid to the Provider will be payable to you, or to your estate, or to an alternate recipient as directed by court order, except that if the person is not competent to give a valid release, Benefits may be payable to his or her spouse or guardian or other legally appointed representative.

**Legal Actions**

No action at law or in equity will be brought to recover under the Plan prior to expiration of 60 days after proof of loss has been filed in accordance with requirements of the Plan, nor will an action be brought at all unless brought within three (3) years from expiration of the time within which proof of loss is required by the Plan.

**LIMITATIONSS**Services that are more expensive than the form of treatment customarily provided under accepted dental practice standards are called “Optional Services”. Optional Services also include the use of specialized techniques instead of standard procedures.

Examples of Optional Services:

- a. a composite restoration instead of an amalgam restoration on posterior teeth with the exception of facial surfaces on pre-molar teeth;
- b. a crown where a filling would restore the tooth;
- c. an onlay instead of an amalgam restoration;
- d. porcelain, resin or similar materials for crowns placed on a maxillary second or third molar, or on any mandibular molar (an allowance will be made for a porcelain fused to high noble metal crown); or
- e. an overdenture instead of denture.

If an Enrollee receives Optional Services, an Alternate Benefit will be allowed, which means the Plan will pay Benefits on the lower cost of the alternate service or standard practice instead of on the higher cost of the Optional Service. The Enrollee will be responsible for the difference between the higher cost of the Optional Service and the lower cost of the alternate service or standard procedure.
